Hi Lisa,

The plans I provided are the only ones we have in our files. I believe you have retained Doug's services and he called yesterday. I told him that the only possible place I can think of, to find the drawings you are looking for, is BOE's Vault. Doug is familiar with the Vault and will look to see if he can find anything there.

Dear Robert:

I am wondering if you are able to track down the construction drawings for the first median located just north of the intersection of Melrose Avenue and Highland. The drawings that you originally sent did not include that particular median. Let me know if you can send them over.

Thank you
